

SAP SECURITY ADMINISTRATOR

Rockaway, NJ

About Warner Chilcott

Warner Chilcott is a leading specialty pharmaceutical company currently focused on the women's healthcare, gastroenterology, dermatology and urology segments of the U.S. and Western European pharmaceuticals market. It is a fully integrated company with internal resources dedicated to the development, manufacturing and promotion of its products. We have established strong franchises in women's healthcare and dermatology through our marketing techniques and specialty sales forces. We believe that our proven product development capabilities, coupled with our ability to execute acquisitions and in licensing transactions and develop partnerships will enable us to sustain and grow our business. We currently have a full time position available in our IT Department reporting to the Manager of SAP Support that is responsible for the areas of SAP ERP security administration.

The individual will be responsible for the following activities:

- Work with SAP support specialist, Subject Matter Experts and Sox compliance professionals to understand, design and build a security strategy that will provide adequate risk control while providing the necessary access to the user community.
- Maintain the necessary documentation and uphold change control procedures during the implementation of new controls or the change of existing.
- Design and manage testing strategy for security in a project environment.
- Work with internal and external auditors to assess risk and implement recommendations.
- Update compliance and risk assessment tools such as VIRSA in order to maintain SOX/ SOD observance.
- Troubleshoot all authorization failures.
- Maintain and develop firefighter functionality to provide extended access rights to the business in a controlled environment when necessary.
- Ensure users have the required training and management authorization before granting access to any SAP transaction in line with company policies and procedures.
- SAP R/3 security design and implementation for SAP ERP ECC 5.0 and ECC 6.0 Human Resources.
